Dr. J. Vaideeswaran

1. A numerical algorithm (to SIMD) for computer-aided minimization of logic functions, PA45 - PA55, Proceedings of Workshop on Parallel Processing, BARC Bombay 1990.

3. All unidirectional error-detecting code for universal applications, INT. J. SYSTEMS SCI., 1993, vol. 24, NO. 9, 1815-1819

13. Robots in spot and arc welding, Seminar on Advances in Plant Engineering and Management, May 1996.

P. Neelakantan

4. Ontology using Textual Maintenance, NECTIT-2008, SRKR College of Engg., Bhimavaram, Apr’08

5. Information security component framework for implementation of SSL, NCETAC 08, Sasurie engineering college, Vijayamangalam, Mar 08

6. Context aware information retrieval using intelligent wireless web for mobile, NCICT, NMIMS University, Mumbai, Feb 2008

7. Security challenges in ubiquitous computing, NCICT, NMIMS University, Mumbai., Feb 2008

8. Software agents in human computer interaction, NCETIT 07, PES Engineering college, Aurungabad, Jan 08.

9. Intelligent wireless web services for rural area development, NCETIT 07, PES Engineering College, Aurungabad, Jan 08.
